The range of cosmetics.....	66

In our trips to various places in the world we have seen vast lavender and salvia fields, plantations of blossoming lime and almond. A single glance at this vast variety of colors arose a splendor of emotions and the air infused with incredible fragrances inspired energy.

We are eager to share with you our admiration of nature perfection — its aromas, textures, energy. We have developed a line of cosmetic products for skin care, which contains a unique aromatic composition of essential oils and active ingredients.

Yana Vershigruk
Creator and CEO of
BOTAVIKOS

Botavikos

Is a Russian manufacturer of natural cosmetics and a supplier of a wide assortment of essential and vegetable oils for aromatherapy and natural cosmetics.

Fresh

The young and modern Botavikos brand opens the boundless world of natural fragrances and natural cosmetics. The world of sensuality and appeasement. The world of inspiration and self-knowing. The world of joy.

83

Natural essential oils – from sweet flag to elemi. We have collected the widest palette of fragrances that will help everyone transform space into a fragrant aroma magic. We know how to coax the grass and trees to share their strength and freshness.

50

Vegetable oils and butters – from apricot to cotton, will surprise you with a variety of useful elements and will become an irreplaceable source of fatty acids Omega 3-6-9.

Over 300

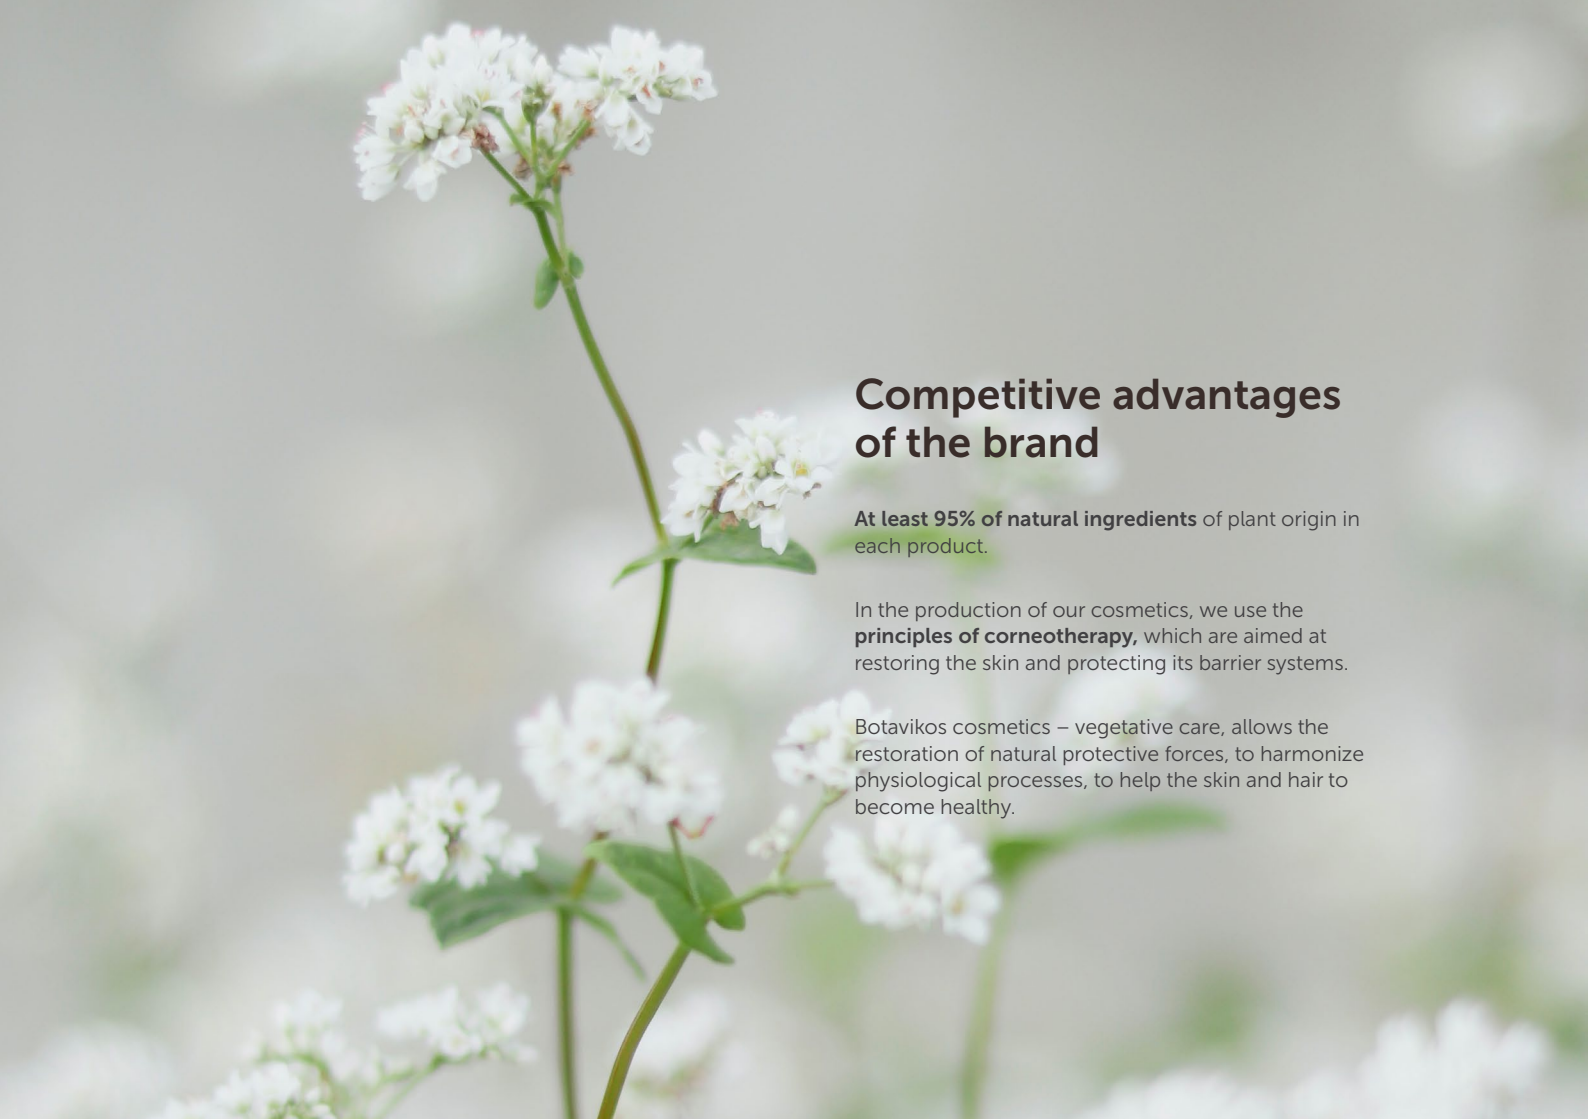

Unique natural cosmetic products will give a careful physiological care for the body and hair, each time the interesting natural composition of essential oils turns a humdrum procedure into a fragrant ritual.

ISO 9001

We are constantly updating the range, choosing only natural ingredients that are safe in production. All raw materials are produced in accordance with the international quality standard ISO 9001.

Botavikos is a member of International Federation of Essential Oils, Aroma Trade and Russian perfume and beauty products (RPKA), Biorus. This membership means that our production meets all international safety and sourcing requirements for perfumery and cosmetics and we are committed to the principles of rational use of environmental resources.

Competitive advantages of the brand

At least 95% of natural ingredients of plant origin in each product.

In the production of our cosmetics, we use the **principles of corneotherapy**, which are aimed at restoring the skin and protecting its barrier systems.

Botavikos cosmetics – vegetative care, allows the restoration of natural protective forces, to harmonize physiological processes, to help the skin and hair to become healthy.

The uniqueness of the composition of Botavikos cosmetics

Our cosmetics consists of:

- ✓ «green» surfactants of plant origin
- ✓ essential oils of vegetable origin
- ✓ fatty oils and butters of vegetable origin
- ✓ flower water
- ✓ plant extracts
- ✓ vegetable waxes
- ✓ amino acids
- ✓ vitamins

What we never use:

- ✗ aggressive synthetic ingredients
- ✗ mineral oils, paraffin and petroleum jelly
- ✗ parabens
- ✗ dyes
- ✗ silicones
- ✗ perfumes
- ✗ SLS/SLES
- ✗ GMO

- ▶ **Pure**
Fragrance-free products

AROMATHERAPY RECOVERY

Recovery and intensive nutrition

Hair recovery

Wheat proteins — strengthen the structure of the hair, penetrating into it and filling the voids, reduce the harmful effects of thermal exposure and the aggressive influence of negative factors, make the hair even more elastic.

Panthenol is used for hair loss, to restore over-dried or damaged hair, as well as to accelerate hair growth.

Skin nutrition

Camellia oil — has an unprecedented ability to enter the lower layers of the skin, which significantly increases cell growth, provides support for skin elasticity

Olfactory story

Oriental

It opens with a floral accent of jasmine and geranium, and a bright ginger splash is followed by a lingering balsamic base of copaiba balsam and frankincense, creating a meditative mood of the whole fragrance as a whole.

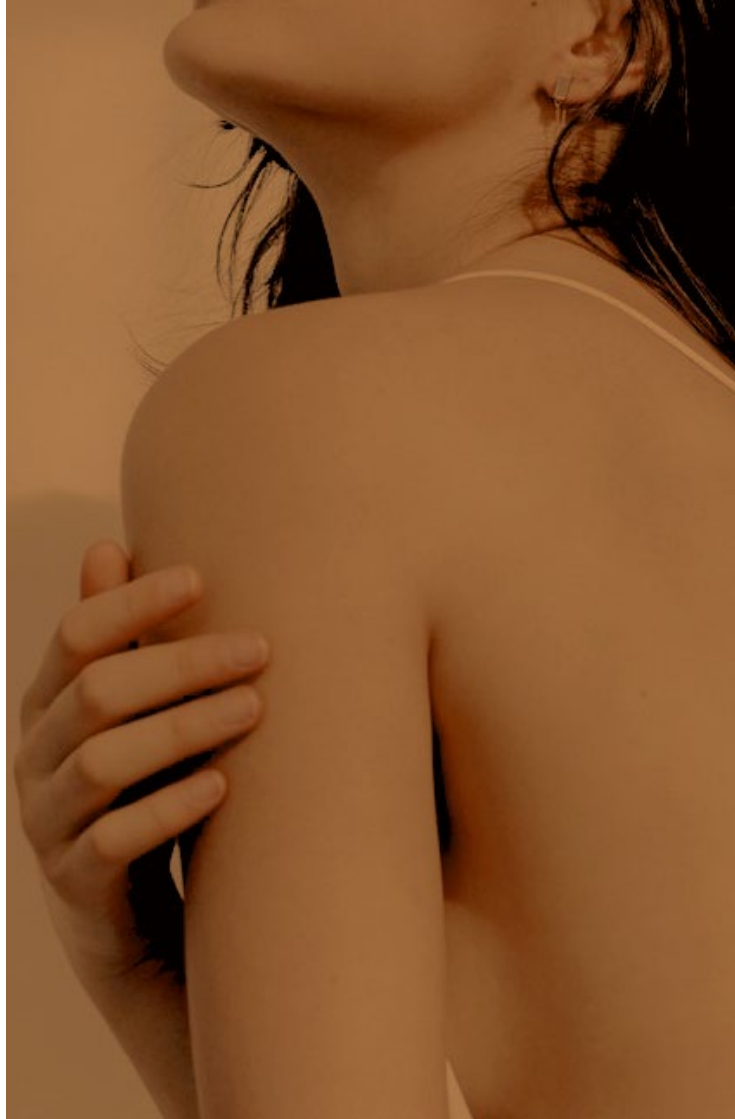

Composition of 100% essential oils

Copaiba balsam / sandalwood / jasmine / rosewood / geranium / pimento oil / ginger / black pepper / coriander / nutmeg / patchouli

The product line includes

For hair: shampoo, balm, hair mask, scalp and hair enzyme serum and peeling.

For the body: shower gel, massage oil, soap, body scrub, body and hand cream, Saki salt.

Natural recovery shampoo

NATURAL
• 98,6% •
INGREDIENTS

Effect

- gently cleanses the scalp and hair
- softens and smooths
- restores the natural protective barrier of the hairline

Active ingredients

Revitalizing shampoo based on natural ingredients is designed to effectively cleanse and restore the hair and scalp hydrolipid balance.

Licorice extract has a softening effect and helps to eliminate itching and flaking.

Wheat proteins and panthenol effectively smooth hair, making it manageable and shiny.

100% essential oils enchant the shampoo with a spicy oriental fragrance, where a complex sensual composition of floral, balsamic, woody and spicy tones are intertwined.

The fragrance unfolds with floral accents of jasmine and geranium, while a splash of bright ginger is followed by a languid base of copaiba balm, creating a meditative mood.

Directions

Apply shampoo to damp hair. Massage into hair and scalp. Rinse thoroughly until water runs clear. Repeat if needed, and follow with recovery balm.

Natural recovery balm

NATURAL
• 98,8% •
INGREDIENTS

Effect

- softens and smooths the hair
- facilitates combing and styling
- restores hair elasticity and shine
- restores the natural protective barrier of the hairline

Active ingredients

Due to the high content of active ingredients, the revitalizing balm provides targeted care for severely damaged hair.

Camellia oil has a pronounced conditioning effect, restores damaged areas of hair, gives healthy shine, and facilitates combing and styling.

Licorice extract gives curls firmness and smooths them along the entire length.

Panthenol protects hair from moisture loss and makes it manageable and elastic.

Wheat proteins with easily digestible amino acids deeply nourish the hair, give it energy and strength, and help to restore the hair structure.

Aloe vera juice saturates the hair with moisture and enhances its shine due to the action of allantoin, a substance with a powerful moisturizing effect.

The natural lipid complex contains useful fatty acids that envelop the hair without stickiness and have a laminating effect along the entire length.

Directions

Apply the balm to damp hair, stepping back of the roots. Leave it for 2 minutes. Rinse thoroughly with water. For best result use after recovery shampoo.

Recovery hair mask

NATURAL
• 98,5% •
INGREDIENTS

Effect

- restores damaged hair structure along the entire length
- restores firmness and shine
- maintains the natural protective barrier of the hairline
- strengthens hair preventing its loss

Active ingredients

Due to the high content of active ingredients, the revitalizing hair mask provides intensive care for severely damaged hair.

Shea butter with valuable fatty acids restores and strengthens hair, activates its growth, and protects against external exposures.

The high content of unsaturated fatty acids, vitamins B, E and A, polyphenols, squalene and bioflavonoids, camellia oil has a pronounced conditioning effect, restores damaged areas of hair, gives healthy shine, and facilitates combing and styling.

Licorice extract gives curls firmness and smooths them along the entire length.

Panthenol protects hair from moisture loss and makes it manageable and elastic.

Wheat proteins with easily digestible amino acids deeply nourish the hair, give it energy and strength, and help to restore the hair structure.

The natural lipid complex contains useful fatty acids that envelop the hair without stickiness and have a laminating effect along the entire length.

Directions

After applying the shampoo to wet hair, apply a small amount of the mask evenly over the entire length of the hair, retreating from the roots. Leave it by 5-15 minutes. Rinse with warm water.

Scalp and hair enzyme serum with fermented complex

Effect

- intensively hydrates and nourishes
- restores hair firmness and shine
- strengthens hair roots, preventing hair loss
- protects from external exposures

Active ingredients

The leave-in serum has been designed for intensive care for the scalp and damaged hair. Due to the increased content of active ingredients, the product strengthens hair follicles and promotes formation of new ones, providing increased scalp nutrition, prevents hair loss and stimulates its growth.

Fermented ingredients – rice water, green tea and oats – saturate the scalp and hair with proteins, amino acids, vitamins and antioxidants, improve the structure of the strands, make them smooth and manageable.

Licorice extract enhances the hydrating and softening effect of the formula.

Vitamin B3 maintains the hydrolipid balance and prevents hair loss.

Vitamin B6 prevents dandruff and soothes itching.

The serum intensively hydrates and nourishes the hair, restores its firmness and shine, and protects from external exposures.

Directions

Apply a small amount of serum to the scalp and hair, massage gently, wait until completely absorbed. Does not require wash off.

Scalp and hair enzyme peeling with fermented complex

Effect

- cleanses deeply, removing keratinized cells
- restores the natural protective barrier of the hairline
- intensively nourishes and revitalizes
- restores hair firmness and shine

Active ingredients

Enzymatic peeling with an increased concentration of active ingredients is designed for deep cleansing of the scalp and intensive restoration of damaged hair. The product's formula effect is aimed at delicate removal of keratinized cells and intensive nutrition of the scalp and hair.

Fermented ingredients effectively soothe and provide long-lasting hydration.

Licorice extract enhances the hydrating and firming properties of the formula by correcting the hydrolipid balance of the skin and increasing blood circulation.

Aloe vera juice actively hydrates hair, making it smooth and elastic.

The oriental composition of 100% essential oils provides aromatherapy effect and delicately perfumes the skin. The sensual scent skillfully combines floral, balsamic and spicy notes, creating a meditative harmonizing background for the entire fragrance.

Directions

Divide hair into partings, apply the peeling to scalp after shampooing. Massage your head with fingertips for 1-2 minutes, then spread along the entire length of the hair and leave for 10-20 minutes. Rinse thoroughly with water.

Natural shower gel

NATURAL
• 98,6% •
INGREDIENTS

Effect

- cleanses softly, without overdrying the skin
- effectively softens
- maintains hydrolipid balance

Active ingredients

The Body Recovery natural aromatherapy shower gel creates a fragrant foam and gently cleanses the skin without overdrying it.

The unique complex of natural ingredients in the gel is aimed at restoring the natural skin balance.

The delicate camellia oil, a source of antioxidants, fatty acids and vitamins A, B and E, effectively nourishes and softens the skin.

The oriental bouquet of **100% essential oils** unfolds as a complex, sensual fragrance on the skin. Starting with a floral accent of jasmine and geranium, it surprises with a bright burst of ginger, followed by a languid base of copaiba balm and sandalwood, creating a meditative mood of the whole fragrance.

Directions

Apply the gel to damp skin. Lather the foam. Rinse it all off.

Natural massage oil

NATURAL
• 100% •
INGREDIENTS

Effect

- deeply nourishes skin and hair
- intensively hydrates and softens
- has an antioxidant effect
- ideal for aromatherapeutic massage

Active ingredients

A perfect product for daily care of skin prone to dryness and irritation.

Camellia oil, a source of oleic acid and vitamins A, B, E, intensively nourishes and soothes the skin, and also improves its firmness, thus accelerating the collagen production.

Macadamia oil provides a softening and antioxidant effect.

Grape seed oil soothes irritation and improves microcirculation.

Sunflower seed oil maintains the hydrolipid balance and stimulates cell renewal.

The natural body massage oil Recovery perfectly nourishes the skin after a shower, providing ideal care. The result is firm skin without dryness or irritation. Suitable for aromatherapeutic massage and hair care.

Directions

For body care: apply a small amount of oil onto clean body skin, then distribute evenly with light massaging movements. For better effect, use together with the Botavikos Mexican Agave Massage Brush. For external use only.

For hair care: apply a few drops of oil onto your palms, rub to warm it up, spread the oil evenly through wet hair over the entire length, or hair tips.

Perfumed hand soap with camellia oil

NATURAL
• 98,6% •
INGREDIENTS

Effect

- cleanses gently
- softens, relieving the feeling of dryness and tightness
- delicately perfumes the skin

Active ingredients

Soap is created for gentle cleansing and care for the hand skin. Vegetable ingredients strengthen the hydrolipid barrier and maintain the skin's natural pH balance.

The delicate camellia oil, a source of antioxidants, fatty acids and vitamins A, B and E, effectively nourishes soothes and softens the skin.

100% essential oils composition gently perfumes the skin. The sensual scent skillfully combines floral, balsamic and spicy notes, creating a meditative harmonizing background for the entire fragrance. Its poetry starts with hot tropical jasmine and herbal geranium, briefly giving way to bright contrasting ginger, followed by the languid slowness of copaiba balm. The result is clean perfumed skin.

Directions

Apply liquid soap to damp hands skin and body, lather, rinse with water.

Sugar body scrub camellia & copaiba balsam

NATURAL
100%
INGREDIENTS

Effect

- gently cleanses and refreshes
- has a peeling effect
- tones and nourishes
- evens out the skin microrelief, gives smoothness

Active ingredients

The melting sugar body scrub Recovery deeply cleanses the skin, making it soft and smooth.

Sugar crystals and crushed walnut shells gently exfoliate keratinized skin cells, accelerating regeneration.

Valuable camellia oil, a source of oleic acid, nourishes and tones the skin, giving it firmness.

Red clay effectively soothes irritations and improves microcirculation.

Cinnamon powder slightly warms the skin, promoting deeper penetration of the nutrients and accelerating the process of cell renewal.

100% essential oils enchant the scrub with a spicy oriental fragrance, where a complex sensual composition of floral, balsamic, woody and spicy tones are intertwined.

Directions

Apply a small amount of scrub on wet skin massaging movements, rinse with water.

Recovery body cream for hands, knees, elbows, heels

NATURAL
99%
INGREDIENTS

Effect

- intensively nourishes and softens
- soothes irritation
- strengthens hydrolipid barrier

Active ingredients

The unique formula of the cream provides intensive nutrition and revitalization for the skin that needs enhanced care - on the hands, knees, elbows and heels.

Shea butter effectively moisturizes and softens the skin, accelerating cell renewal.

Camellia oil nourishes and soothes the skin, and strengthens the hydrolipid barrier.

Licorice extract provides antioxidant protection, and eliminates irritation.

Rice wax has an antimicrobial effect and prevents moisture loss.

The 100% essential oil composition provides aromatherapy effect and delicately perfumes the skin. The result is soft hydrated skin without dryness and flaking.

Directions

Apply the cream on cleansed skin with light massage movements 1-2 times a day. Perfect for daily use.

Saki bath salt

Effect

- eliminate toxins
- accelerates microcirculation
- relieves muscle and nervous tension
- improves skin elasticity and skin turgor

Active ingredients

During the period of **rapid flowering** under the influence of the sun, algae produce a rich complex of bioactive substances. Saki salt absorbs them into its intercrystalline space and retains them in its structure.

The main source of beneficial trace elements is **Dunaliella salina seaweed** - it contains natural carotenoids that protect skin cells from damage and accelerate their regeneration.

The high content of **magnesium and bromine** in Saki salt promotes the elimination of toxins, improves metabolic processes, relieves muscle and nervous tension.

Potassium and sodium improve blood circulation, providing intensive cell nutrition.

The oriental composition of **100% essential oils** provides aromatherapy effect and delicately perfumes the skin. The result is rejuvenated firm skin, relaxing effect.

Directions

Relaxing bath: dissolve 4-5 tablespoons of salt in water at 36-38 °C. Duration of the treatment: not less than 10 minutes.

Healing salt bath: dissolve 500-1000 g of the salt in a full bath, water at 36-38 °C. Duration of the procedure: 10-20 minutes.

Massage-rubdown: dissolve 200 g of the salt in 0.5 l of water at 30-32 °C, rub the solution on the body until it is completely evaporated. Does not require rinsing.

Nail strengthening soak: dissolve 2 teaspoons of salt in 200 ml of water at 36-38 °C, immerse your hands in the solution, periodically massage the nails. Duration of the procedure: not less than 10 minutes. Frequency of use: 2 times a week.

AROMATHERAPY HYDRA

Deep hydration

Deep moisturizing of hair

Сок алоэ вера — кладезь витаминов и микроэлементов, исключительно полезных для поддержания силы волос. Ускоряет рост новых волос, поддерживает увлажненность и упругость по всей длине волоса, предотвращает появление секущихся кончиков. Также помогает предотвратить появление перхоти и сделать волосы густыми и здоровыми, укрепляет волосяные луковицы и устраняет излишнюю жирность волос.

Nettle extract — eliminates dandruff and prevents its appearance, stimulates hair growth, fights hair loss, strengthens hair follicles. It counteracts excessive greasiness of the head, early gray hair and helps to keep the color fresh for a long time when coloring.

Hydration and smoothness of the skin

Rice bran oil — makes the skin softer and moisturizes it, eliminates inflammation, gives elasticity, smoothes wrinkles and stimulates regeneration processes in cells.

Olfactory story

Wood-citrus

A fresh, invigorating "green" scent, revealing the first bitter citrus notes, turning into a herbal base of rosemary with a final woody accord based on cedar, enhanced with languid incense.

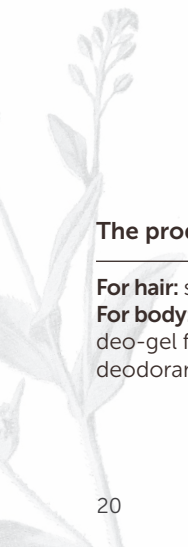

Composition of 100% essential oils

Mandarin / grapefruit / melissa / citrus (clementine) / rosemary / petitgrain / cedar / frankincense

The product line includes

For hair: shampoo, balm, hair mask.

For body: shower gel, massage oil, soap, body scrub, body milk, deo-gel for intimate hygiene, spray for intimate hygiene, mineral deodorant.

Natural moisturizing shampoo

NATURAL
• 98,6% •
INGREDIENTS

Effect

- maintains the natural pH-balance
- preserves beneficial microflora
- strengthens the skin's protective barrier
- hydrates and gives a light pleasant fragrance

Active ingredients

The moisturising shampoo with a high content of active ingredients gently cleanses the scalp and hair with an intensely moisturising effect. The delicate, balanced formula supports the natural hydro-lipid balance.

Nettle extract, rich in vitamins, beta-carotene, chlorophyll, beneficial acids and micro-nutrients, soothes the scalp and helps eliminate dandruff, strengthens the hair and stimulates its growth.

Thanks to its high content of polysaccharides, amino acids and enzymes, **aloe vera juice** nourishes and moisturises the entire length of the hair.

Allantoin, which is contained in aloe vera juice, helps to normalise the sebum function and to reduce the greasiness of hair.

Panthenol, with its high hygroscopic properties, instantly penetrates deep into the hair and has a smoothing and regenerating effect.

Na PCA - a natural moisturising agent - helps to restore and maintain the optimal level of moisture in the hair.

Directions

Apply shampoo to damp hair. Massage into hair and scalp. Rinse thoroughly until water runs clear. Repeat if needed, and follow with moisturizing balm.

Natural moisturizing balm

NATURAL
• 98,8% •
INGREDIENTS

Effect

- restores hair softness, silkiness and smoothness
- solves the problem of breakage and split ends

Active ingredients

Moisturising Balm based on botanical ingredients gives the hair softness and elasticity, reduces hair breakage.

The rice bran oil, rich in Omega-3 and Omega-6 fatty acids and antioxidants, gives the curls vitality and protects them from negative external effects.

Nettle extract, with its high content of beta-carotene, vitamins, chlorophyll and beneficial acids, normalises the hydro-lipid balance and strengthens the hair.

The lightweight layer of **panthenol** covers each hair to prevent the loss of nutrients and neutralise the negative effects of the environment.

The hydrolysed wheat proteins enhance the natural shine of the hair, compacting and filling it with moisture.

Aloe vera juice, which contains allantoin, has a moisturising and regenerating effect.

The natural lipid complex makes the strands more elastic and silky.

Directions

Apply the balm to damp hair, stepping back of the roots. Leave it for 2 minutes. Rinse thoroughly with water. For best result use after moisturizing shampoo.

Hydrating hair mask

NATURAL
• 98,5% •
INGREDIENTS

Effect

- improves the structure and appearance of hair
- soft hair after the first application
- moisturizing and softening the hair along the entire length

Active ingredients

A fragrant mask with a richly balanced formula maintains the optimum moisture level of your hair, restoring elasticity and smoothness.

The precious **oils of rice bran, coconut and cocoa** nourish the curls, adding vitality and protection from negative external effects.

Botanical lipid complex restores the natural protective barrier of the hair and scalp, while nettle extract boosts the strength and shine of your curls.

Directions

After applying the shampoo to wet hair, apply a small amount of the mask evenly over the entire length of the hair, retreating from the roots. Leave it by 5-15 minutes. Rinse with warm water.

Natural shower cream-gel

Effect

- gently cleanses and softens
- maintains hydro-lipid balance
- eliminates the feeling of dryness and tightness
- gives a pleasant fragrance

Active ingredients

Cream-gel creates a light foam and gently cleanses without disturbing the skin's pH balance.

Enriched with **rice bran oil** to intensely hydrate, soften and firm the skin. This delicate product gently removes impurities, maintains the natural moisture balance and prevents its loss due to the presence of active amino acids of natural origin.

The woody-citrus composition of **100% essential oils** leaves a pleasant fragrance on the skin and enhances the main ingredients' effect. It opens with velvety mandarin, grapefruit that is full of bitter tenderness and cool lemon notes, turning into an herbal base of rosemary with a final woody accord of cedar and incense.

Directions

Apply the gel to damp skin. Lather the foam. Rinse it all off.

Perfumed hand cream-soap with rice brane oil

Effect

- gently cleanses and softens
- maintains hydro-lipid balance
- eliminates the feeling of dryness and tightness
- gives a pleasant fragrance

Active ingredients

The cream-soap with weightless fragrant foam is an indispensable tool for dry hand skin care. Vegetable origin ingredients obtained from coconut butter gently and effectively cleanse the delicate skin without disturbing its natural pH balance or causing allergic reactions.

Rice bran oil intensively hydrates and softens the skin, gives it firmness and stimulates cell regeneration processes.

The woody-citrus composition of **100% essential oils** not only provides an antibacterial effect, but also leaves a unique fragrance on the skin, unfolding with velvety mandarin, grapefruit that is full of bitter tenderness and cool-lemon shades of melissa and petitgrain with characteristic candy notes, turning into a herbal base of rosemary with final woody accord of cedar and incense. The result is fresh radiant skin.

Directions

Apply liquid soap to damp hands skin and body, lather, rinse with water.

NATURAL
• 98,6% •
INGREDIENTS

Effect

- gently cleanses keratinized skin cells
- maintains hydrolipid balance
- evens out the skin microrelief
- gives smoothness
- tones and softens the skin

Active ingredients

Sugar crystals cleanse the skin from keratinized cells, activate microcirculation, restore the skin's smoothness and natural elasticity.

Rice bran oil — a valuable source of linoleic acid, squalene and **vitamin E** — effectively hydrates, softens and tones the skin.

Cocoa butter and apricot kernel not only provide intense nutrition, but also accelerate cell regeneration.

A complex of **100% essential oils** enhances the scrub's hydrating properties and gives a sweet, summery citrus fragrance with a hint of woody cedar and rosemary. The result is smooth and deeply hydrated skin.

Directions

Apply a small amount of scrub on wet skin massaging movements, rinse with water.

Natural ultra light body milk

NATURAL
• 99% •
INGREDIENTS

Effect

- deeply hydrates and softens
- increases skin firmness and elasticity
- maintains hydrolipid balance
- helps to reduce redness
- accelerates cell regeneration process
- gives a pleasant fragrance

Active ingredients

Rice bran oil — a valuable source of linoleic fatty acid, squalene and **vitamin E** — hydrates and softens the skin, helps to reduce redness, gives firmness and elasticity.

Cocoa butter and apricot kernel not only provide intense nutrition, but also accelerate cell regeneration.

Vegetable carbohydrate complex, carnauba wax and panthenol strengthen the skin's hydro-lipid barrier and protect it against dehydration.

Aloe vera extract soothes irritation and itching.

Nettle extract stimulates cell metabolism and reduces redness.

Rosemary extract helps to eliminate toxins and reduces cellulite.

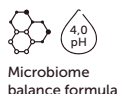

Directions

Apply the milk with light massaging movements on clean, dry skin of the body 1-2 times a day. Perfect for daily use.

Micellar spray for intimate hygiene

Microbiome
balance formula

Effect

- maintains the natural pH-balance
- preserves beneficial microflora
- strengthens the skin's protective barrier

Active ingredients

Ultra-refreshing lactic acid spray provides gentle cleansing without disturbing the natural pH balance of intimate areas.

Aloe vera juice not only intensively hydrates and soothes the skin, but also leaves a pleasant feeling of freshness.

The composition of **100% essential oils** unfolds with a woody-citrus fragrance and provides an additional antibacterial effect.

Directions

Apply a small amount of the product to the moist skin of intimate areas, lather, rinse thoroughly with water.

Micellar deo-gel for intimate hygiene

Microbiome
balance formula

Effect

- maintains the natural pH-balance
- preserves beneficial microflora
- strengthens the skin's protective barrier
- hydrates and gives a light pleasant fragrance

Active ingredients

The ultra-refreshing deo-gel formula with weightless texture gently cleanses and leaves an unique feeling of cleanliness for the whole day.

The natural lactic acid maintains pH balance and helps to restore the natural microflora of intimate areas.

Aloe vera juice and rice bran oil hydrate and soothe the skin.

The composition of **100% essential oils** unfolds with a woody-citrus fragrance and provides an additional antibacterial effect.

Directions

Shake, apply a small amount of the product to the skin of intimate areas, remove the remnants of the product with a dry cloth or cotton pad.

Mineral deodorant spray [2 in 1] body & foot

NATURAL
• 100% •
INGREDIENTS

Effect

- controls perspiration
- has an antibacterial effect
- has a drying effect
- soothes itching and irritation from insect bites
- accelerates skin healing in case of cuts

Active ingredients

Deodorant-spray eliminates the cause of odour without disturbing the sweat glands function or blocking them. The product gives the feeling of freshness and gently cares for the skin.

Potassium alum of volcanic origin contained in the deodorant regulates perspiration, has an antibacterial and drying effect, soothes itching and irritation after insect bites, and accelerates skin healing in case of cuts.

Hamamelis flower water has an astringent and antioxidant effect, normalizes the activity of sweat glands, and activates cell regeneration

The result is fresh skin without perspiration odour and irritation.

Directions

Shake well before spraying. Apply onto cleansed skin of underarm and feet.

AROMATHERAPY RELAX

Relaxation and pleasure from aromatherapy

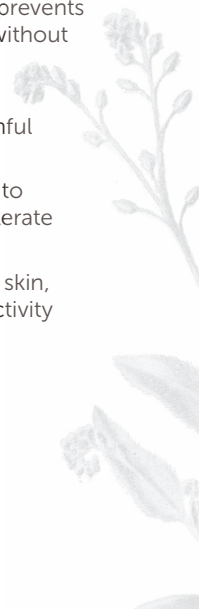

Softening for hair

Cotton extract — gives a feeling of freshness, softness, prevents irritation, moisturizes and smoothes, as well as tones, without creating the effect of an oily film on the surface.

Wheat proteins — strengthen the structure of the hair, penetrating into it and filling the voids, reduce the harmful effects of curling, make the hair even more elastic.

Panthenol is used for regeneration, in case of hair loss, to restore over—dried or damaged hair, as well as to accelerate hair growth.Питание для кожи

Jojoba oil — increases the elasticity and elasticity of the skin, restores damage and neutral pH, and normalizes the activity of the sebaceous glands.

Olfactory story

Floral

Feminine delicate fragrance blooms with a classic floral bouquet — bright, contrasting, unpredictable. The fragrance begins with tropical accents of jasmine and ylang-ylang, smoothly moving to the traditional perfume rhyme of rose and patchouli.

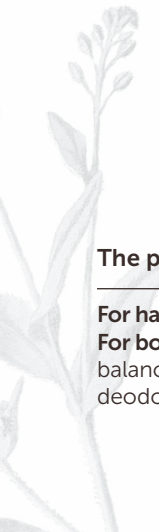

Composition of 100% essential oils

Rose / patchouli / bergamot / jasmine / geranium / sandalwood / ylang-ylang / rosewood

The product line includes

For hair: shampoo, balm.

For body: shower cream-gel, massage oil, soap, tropical body cream, balancing milk for intimate hygiene, micellar body spray, mineral deodorant, Saki salt.

Natural nourishing shampoo

NATURAL
• 98,6% •
INGREDIENTS

Effect

- effectively cleanses hair and scalp

- adds a pleasant fragrance to your hair

Active ingredients

Balm with a balanced formula of active plant ingredients provides effective care, gives them energy and strength, facilitates combing and styling.

Jojoba oil, rich in fatty acids, vitamins and collagen, effectively moisturizes and smooths hair without weighing it down.

Cotton extract has a softening and nourishing effect, making hair more elastic and manageable.

Panthenol perfectly smooths curls, protects them against moisture loss and negative effects of external factors.

Hydrolyzed wheat proteins thicken hair and add volume and natural shine to it.

Natural lipid complex has a moisturizing and softening effect, providing hair with natural protection against free radicals.

Directions

Apply the balm to damp hair, stepping back of the roots. Leave it for 2 minutes. Rinse thoroughly with water. For best result use after nourishing shampoo.

Natural shower cream-gel

NATURAL
• 98,6% •
INGREDIENTS

Effect

- creates a gentle foam and delicately cleanses without disturbing the pH balance
- perfectly softens and gives smoothness
- helps to restore the skin barrier function
- delicately perfumes the skin

Active ingredients

Gel, due to the content of soft plant ingredients, creates a fragrant foam and gently cleanses the skin without disturbing its pH balance.

Jojoba oil, rich in fatty acids, vitamins and collagen, promotes deep hydration and nutrition of cells, accelerates their regeneration, reduces redness and irritation, and strengthens the skin hydrolipid barrier.

The floral composition of **100% essential oils** delicately perfumes the skin, gives relaxation and true pleasure from aromatherapy. It unfolds with tropical accents of jasmine and ylang-ylang, smoothly transitioning into the traditional perfume rhyme of rose and patchouli.

Directions

Apply the gel to damp skin. Lather the foam. Rinse it all off.

Tropical body cream

Effect

- provides gentle revitalizing care and deep skin nutrition
- gives firmness, softness and smoothness
- helps to reduce irritation and redness
- strengthens natural hydrolipid barrier
- delicately perfumes the skin

Active ingredients

The vitamin and plant formula provides gentle revitalizing care and saturates the skin with beneficial microelements, making it soft, smooth and velvety.

Vitamin F normalizes the natural hydrolipid balance of the skin, and perfectly softens its rough areas.

Jojoba oil, rich in fatty acids, vitamins and collagen, promotes deep hydration and nutrition of the skin, reduces redness and irritation. Coconut butter, deeply penetrating into the skin, perfectly tones and stimulates microcirculation.

Rice bran oil - a source of squalene and vitamin E - intensively hydrates and softens the skin, gives it firmness, and stimulates regeneration processes.

Cotton extract and membrane-lipid complex have a softening and nourishing effect providing natural protection against free radicals.

Panthenol hydrates the cells and accelerates their renewal.

Directions

Apply the cream on cleansed skin with light massage movements 1-2 times a day. Perfect for daily use.

Natural massage oil

Effect

- deeply nourishes skin and hair
- intensively hydrates and softens
- has an antioxidant effect
- ideal for aromatherapeutic massage

Active ingredients

Oil is a perfect product for relaxing massage and daily care for skin prone to dryness and irritation.

Jojoba oil saturated with fatty acids, vitamins and collagen, promotes deep hydration and nutrition of the skin reducing redness and itching.

Macadamia oil - a source of squalene and proteins - has an emollient and antioxidant effect.

Grape seed oil rich in tannins and enzymes improves microcirculation and elimination of toxins and makes the skin firm and elastic.

Due to the content of carotenoids and allantoin **wheat germ oil** effectively soothes the skin and provides protection against free radicals.

Sunflower seed oil that is the champion for **vitamin E** content maintains hydrolipid balance and accelerates cell renewal.

Directions

For body care: apply a small amount of oil onto clean body skin, then distribute evenly with light massaging movements. For better effect, use together with the Botavikos Mexican Agave Massage Brush.

For hair care: apply a few drops of oil onto your palms, rub to warm it up, spread the oil evenly through wet hair over the entire length, or hair tips.

Perfumed hand cream-soap with jojoba oil

NATURAL
• 98,6% •
INGREDIENTS

Effect

- creates a fragrance foam and delicately cleanses without disturbing the pH balance
- perfectly softens and gives smoothness
- promotes restoration of hydro-lipid balance
- delicately perfumes the skin

Active ingredients

Due to the content of plant ingredients derived from **coconut butter**, soft floral soap creates a fragrant foam and gently cleanses the skin.

The delicate product does not cause the feeling of dryness and tightness, maintains the natural pH balance of the skin and strengthens its protective barrier.

Jojoba oil, rich in fatty acids, vitamins and collagen, promotes deep hydration and nutrition of the skin, reduces redness and irritation, and activates regeneration.

The sensual blend of **100% essential oils**, carrying the fragrance of luxurious flowers, gives pure pleasure from aromatherapy, delicately perfumes the skin and also has an antibacterial effect.

Directions

Apply liquid soap to damp hands skin and body, lather, rinse with water.

Saki bath salt

Effect

- gives skin smoothness and firmness
- accelerates metabolism and microcirculation
- has an anti-cellulite effect
- helps to reduce irritation and redness
- relieves stress symptoms and spasms

Active ingredients

During the period of rapid flowering under the influence of the sun, algae produce a **rich complex of bioactive substances - magnesium, calcium, potassium, iodine, chlorine, manganese, copper, bromine, sulfur, zinc, and sodium.**

Saki salt absorbs them into its intercrystalline space and retains them in its structure. The main source of beneficial trace elements is **Dunaliella salina seaweed** - it contains natural carotenoids that protect skin cells from damage and accelerate their regeneration.

Sea salt relieves symptoms of spasms and stress, improves metabolism and eliminates toxins, increases skin elasticity and turgor. The product accelerates microcirculation, providing intensive cell nutrition, it has an anti-cellulite effect and strengthens nails.

Directions

Relaxing bath: dissolve 4-5 tablespoons of salt in water at 36-38 °C. Duration of the treatment: not less than 10 minutes.

Healing salt bath: dissolve 500-1000 g of the salt in a full bath, water at 36-38 °C. Duration of the procedure: 10-20 minutes.

Massage-rubdown: dissolve 200 g of the salt in 0.5 l of water at 30-32 °C, rub the solution on the body until it is completely evaporated. Does not require rinsing.

Nail strengthening soak: dissolve 2 teaspoons of salt in 200 ml of water at 36-38 °C, immerse your hands in the solution, periodically massage the nails. Duration of the procedure: not less than 10 minutes. Frequency of use: 2 times a week.

Balancing milk for intimate hygiene

Microbiome
balance formula

Effect

- delicately cleanses and refreshes
- maintains natural microbiome of intimate area
- provides aromatherapy effect

Active ingredients

Delicate balancing milk with a silky texture gently cleanses and gives a unique feeling of freshness throughout the day.

Natural lactic acid maintains the microbiome (pH) of intimate areas and serves as a natural protective barrier.

Cotton extract has a moisturizing, nourishing and antioxidant effects.

Jojoba oil, rich in fatty acids, vitamins and collagen, helps to reduce redness and irritation, and maintains the hydrolipid balance of the skin.

The sensual blend of **100% essential oils** filled with the fragrance of luxurious flowers gives pure pleasure from aromatherapy, delicately perfumes the skin and also has an antibacterial effect.

Directions

Apply a small amount of the gel on wet skin of the intimate area, rinse with warm water.

Micellar body spray with jojoba oil

Effect

- gently cleanses the skin in the absence of water
- maintains the natural pH balance
- produces an aromatherapeutic and antibacterial effect
- suitable for daily use

Active ingredients

The delicate product does not cause the feeling of dryness and tightness, maintains the natural pH balance of the skin and strengthens its protective barrier.

Jojoba oil, rich in fatty acids, vitamins and collagen, promotes not only deep hydration and nutrition of epidermis, but also reduces redness and irritation.

Panthenol hydrates the skin cells and accelerates their renewal.

Directions

Shake, spray onto skin. Does not require any water.

Mineral deodorant spray [2 in 1] body & foot

Effect

- eliminates the cause of odor by preventing the growth of bacteria
- delicately cares for the skin
- gives the feeling of freshness and pleasant aroma

Active ingredients

Deodorant Spray based on **potassium alum** and **witch hazel floral water** eliminates the cause of odor by preventing the growth of pathogenic microflora.

The product does not disturb the sweat glands function and does not clog them, delicately cares for the skin and accelerates its regeneration, helps to reduce irritation and redness.

The sensual blend of 100% essential oils filled with the fragrance of luxurious flowers gives pure pleasure from aromatherapy, delicately perfumes the skin and also has an antibacterial effect.

Directions

Shake well before spraying. Apply onto cleansed skin of underarm and feet.

AROMATHERAPY ENERGY

Freshness and energy

For hair

St. John's Wort extract — strengthens hair follicles, protects hair from falling out, eliminates dandruff and fights excessive greasiness or dryness of hair.

Panthenol is used for regeneration, in case of hair loss, to restore over—dried or damaged hair, as well as to accelerate hair growth.

For skin

Avocado oil — has an anti-inflammatory, moisturizing, rejuvenating, protective effect. The vitamins contained in it make the surface elastic, the tuberosity of the skin gradually disappears.

Olfactory story

Mint-camphor

Energetic contrasting fragrance with initial cooling notes of mint, wintergreen and cardamom has an awakening effect and, gradually thawing to warming cassia and cheerful citrus notes of orange and mandarin, gives a boost of energy and freshness.

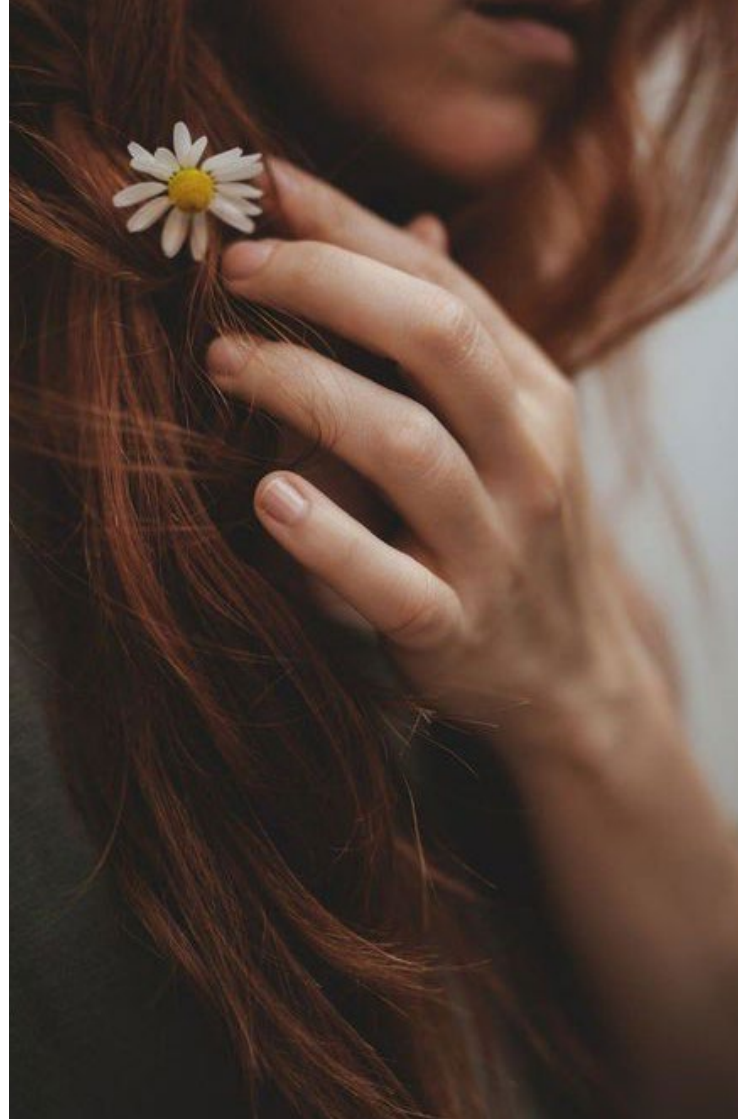

Composition of 100% essential oils

Mint / thyme / cedar / citrus (clementine) / cardamom / orange / lime / mandarin / cassia oil / camphor / cajeput / wintergreen

The product line includes

For hair: shampoo, balm, anti-dandruff concentrate serum, peeling cream with AHA acids.

For body: shower gel, massage oil, soap, body scrub, body cream, mineral deodorant spray, micellar gel for hands, Saki salt.

Natural balancing shampoo

NATURAL
• 98,6% •
INGREDIENTS

Effect

- delicately cleanses hair and scalp
- maintains hydrolipid balance
- prevents dandruff formation
- gives pleasant fragrance

Active ingredients

The effect of the shampoo's active ingredients is aimed at effective cleansing and balance restoring.

Hypericum extract, containing vitamins A, C, E, PP, tannins, flavonoids and resins, strengthens hair and tones the scalp.

Panthenol provides a moisturizing and smoothing effect, and also covers each hair with a weightless film to protect against moisture loss and external influence.

Due to the high content of allantoin, **aloe vera juice** helps to tighten the pores and normalize the production of sebum.

The natural **Zn PCA** amino acid provides dandruff prevention and soothes the scalp.

Directions

Apply shampoo to damp hair. Massage into hair and scalp. Rinse thoroughly until water runs clear. Repeat if needed, and follow with balancing balm.

Natural balancing balm

NATURAL
• 98,8% •
INGREDIENTS

Effect

- gives freshness
- smooths over the entire length
- enhances natural shine
- facilitates combing and styling

Active ingredients

The balancing balm based on herbal ingredients gently cares for any type of hair, makes it more lively and manageable, facilitates combing and styling processes.

Due to its high content of fatty acids, vitamins and squalene, **avocado oil** gives curls firmness and elasticity, and smooths them along the entire length.

Hypericum extract, containing tannins, flavonoids and resins, has a firming and toning effect.

Panthenol provides a moisturizing and smoothing effect, and also covers each hair with a weightless film to protect against moisture loss and external influence.

Hydrolyzed wheat proteins thicken hair and restore its natural shine.

The natural lipid complex maintains the optimal moisture level of the strands, making them smoother and more manageable without weighing them down.

Directions

Apply the balm to damp hair, stepping back of the roots. Leave it for 2 minutes. Rinse thoroughly with water. For best result use after balancing shampoo.

Scalp peeling cream with AHA acids complex

Effect

- effectively cleanses and hydrates
- normalizes sebaceous gland functions
- soothes and relaxes the scalp
- gives a pleasant cooling feeling

Active ingredients

Allantoin normalizes sebum production, soothes irritation and itching, softens and hydrates.

Glycolic acid dissolves keratinized cells, providing deep cleansing, and at the same time effectively softening the skin.

Lactic acid eliminates excess sebum, helps to reduce pores and flaking.

Vitamin B3 (niacinamide) and caffeine activate microcirculation, thus improving hair follicles nutrition and strengthening hair roots.

Menthol perfectly soothes the skin and gives it a pleasant cool feeling.

The vegetable carbohydrates complex fills the cells with moisture and prevents its loss, and normalizes the natural hydrolipid balance.

Directions

Effectively cleanses and moisturizes the scalp, normalizes the work of sebaceous glands, tones up, gives a feeling of cleanliness and freshness to the skin and hair.

Anti-dandruff concentrated serum

Effect

- normalizes sebaceous gland functions
- prevents dandruff formation
- helps to relieve itching and irritation
- pleasantly refreshes
- does not require rinsing

Active ingredients

Leave-in concentrated serum with a higher content of active ingredients has been designed to care for scalps prone to dandruff.

The product facilitates normalization of sebaceous glands functions and reduced sebum production, eliminates itching and flaking, reduces irritation and maintains an optimal level of skin hydration.

Since it contains **natural extracts, proteins and vitamins**, the serum accelerates microcirculation, strengthens hair roots, and normalizes the scalp's hydrolipid balance.

Directions

Apply a small amount of serum to the scalp, massage gently, wait until completely absorbed. Does not require wash off.

Natural shower gel

NATURAL
• 98,6% •
INGREDIENTS

Effect

- delicately cleanses, without disturbing the pH-balance
- effectively softens
- leaves a pleasant fragrance on the skin

Active ingredients

Gel creates a gentle foam and gently cleanses the skin without disturbing its pH balance.

Avocado oil - a source of polyunsaturated fatty acids, chlorophyll, squalene and vitamins - not only effectively moisturizes and softens the skin, but also accelerates its renewal.

This valuable ingredient helps to reduce flaking and redness, restores the hydrolipid balance and enhances the protective function of the epidermis.

Directions

Apply the gel to damp skin. Lather the foam. Rinse it all off.

Natural massage oil

NATURAL
• 100% •
INGREDIENTS

Effect

- effectively hydrates and softens

Active ingredients

Valuable avocado oil has a moisturizing and regenerating effect, and also enhances the protective function of the skin.

Macadamia oil effectively softens and provides protection against free radicals.

Grape seed oil helps to reduce redness and irritation, and improves microcirculation.

Wheat germ oil perfectly moisturizes and smooths the skin.

Sunflower seed oil maintains the hydrolipid balance and stimulates cell renewal.

Directions

For body care: apply a small amount of oil onto clean body skin, then distribute evenly with light massaging movements. For better effect, use together with the Botavikos Mexican Agave Massage Brush.

For hair care: apply a few drops of oil onto your palms, rub to warm it up, spread the oil evenly through wet hair over the entire length, or hair tips.

Perfumed hand soap with avocado oil

NATURAL
• 98,6% •
INGREDIENTS

Effect

- delicately cleanses, without disturbing the pH-balance
- effectively softens
- leaves a pleasant fragrance on the skin

Active ingredients

Soap is designed specifically for the delicate vulnerable skin of the hands.

Due to the vegetable origin ingredients, obtained from **coconut butter**, the product gently and effectively cleanses without over-drying the skin or causing allergic reactions, while maintaining the natural pH-balance.

Avocado oil - a source of polyunsaturated fatty acids, chlorophyll, squalene and vitamins - moisturizes and softens the skin, helps to reduce flaking and irritation, restores the hydrolipid balance and enhances the protective function of the epidermis.

Directions

Apply liquid soap to damp hands skin and body, lather, rinse with water.

Saki bath salt

Effect

- gives skin smoothness and firmness
- accelerates microcirculation
- has an anti-cellulite effect
- helps to reduce irritation and redness
- relieves stress symptoms and spasms

Active ingredients

During the period of rapid flowering under the influence of the sun, algae produce a rich **complex of bioactive substances - magnesium, calcium, potassium, iodine, chlorine, manganese, copper, bromine, sulfur, zinc, and sodium.**

Saki salt absorbs them into its intercrystalline space and retains them in its structure.

The main source of beneficial trace elements is **Dunaliella salina seaweed** - it contains natural carotenoids that protect skin cells from damage and accelerate their regeneration.

Sea salt is a proven remedy for spasms and stress, improves metabolism and eliminates toxins, tightens the skin and smooths it. The product accelerates microcirculation, providing intensive cell nutrition, it has an anti-cellulite effect and strengthens nails.

Directions

Relaxing bath: dissolve 4-5 tablespoons of salt in water at 36-38 °C. Duration of the treatment: not less than 10 minutes.

Healing salt bath: dissolve 500-1000 g of the salt in a full bath, water at 36-38 °C. Duration of the procedure: 10-20 minutes.

Massage-rubdown: dissolve 200 g of the salt in 0.5 l of water at 30-32 °C, rub the solution on the body until it is completely evaporated. Does not require rinsing.

Nail strengthening soak: dissolve 2 teaspoons of salt in 200 ml of water at 36-38 °C, immerse your hands in the solution, periodically massage the nails. Duration of the procedure: not less than 10 minutes. Frequency of use: 2 times a week.

Sea salt body scrub

NATURAL
• 100% •
INGREDIENTS

Effect

- has a peeling effect
- tones and refreshes
- evens out the skin microrelief, gives smoothness
- gives a pleasant fragrance

Active ingredients

Body Scrub deeply cleanses the skin, making it soft and smooth.

Healing sea salt crystals, rich in iodine, magnesium, calcium, potassium and bromine, exfoliate keratinized skin cells, allowing the skin to "breathe".

Valuable cocoa and shea butters maintain skin turgor, saturate cells with moisture and accelerate their renewal.

Avocado oil - a source of polyunsaturated fatty acids, chlorophyll, squalene and vitamins - not only effectively softens the skin, but also helps to reduce flaking and redness, restores the hydrolipid balance and enhances the protective function of the skin.

Directions

Apply a small amount of scrub on wet skin massaging movements, rinse with water.

Cooling foot cream

NATURAL
• 99% •
INGREDIENTS

Effect

- intensively hydrates and softens
- maintains tone and elasticity
- helps to reduce flaking and irritation

Active ingredients

Avocado oil effectively moisturizes and softens the skin, helps to reduce flaking, restores the hydrolipid balance and enhances the protective function of the epidermis.

Shea and cocoa butters, containing valuable amino acids and vitamins, maintain skin turgor and accelerate its regeneration.

Hypericum extract, containing vitamins A, C, E, PP, tannins, flavonoids and resins, has an antibacterial and toning effect.

Rosemary extract perfectly soothes the skin and protects it from the effects of free radicals.

Menthol provides a feeling of coolness and relieves heavy legs.

Panthenol tones and restores the barrier function of the skin.

Candelilla wax forms a thin film that prevents moisture loss and keeps the skin hydrated.

Directions

Apply the cream on cleansed skin with light massage movements 1-2 times a day. Perfect for daily use.

Micellar hand spray with avocado oil

NATURAL
98%
INGREDIENTS

Effect

- cleanses softly and effectively
- has an antibacterial effect
- leaves a pleasant fragrance on the skin

Active ingredients

Gel cleanses softly and efficiently, has an antibacterial effect and also hydrates the hand skin, giving it a fresh fragrance.

Avocado oil - a source of polyunsaturated fatty acids, chlorophyll, squalene and vitamins - not only effectively softens the skin, but also helps to reduce flaking and redness, restores the hydrolipid balance and enhances the protective function of the skin.

Panthenol fills the cells with moisture and accelerates the process of their renewal.

Directions

Apply a little amount of gel on your palm and rub your hands thoroughly until it completely dries. Does not require rinsing with water.

Mineral deodorant spray [2 in 1] body & foot

NATURAL
100%
INGREDIENTS

Effect

- controls perspiration
- has an antibacterial effect
- has a drying effect
- soothes itching and irritation from insect bites
- accelerates skin healing in case of cuts

Active ingredients

Deodorant-spray eliminates the cause of odour without disturbing the sweat glands function or blocking them.

The product gives the feeling of freshness and gently cares for the skin.

Potassium alum of volcanic origin regulates perspiration, has an antibacterial and drying effect, soothes itching and irritation after insect bites, and accelerates skin healing in case of cuts.

Hamamelis flower water has an astringent and antioxidant effect, normalizes the activity of sweat glands, and activates cell regeneration.

The result is fresh skin without perspiration odour and irritation.

Directions

Shake well before spraying. Apply onto cleansed skin of underarm and feet.

AROMATHERAPY TONIC

Anti-cellulite toning lifting program

For skin care

Cosmetic clay, saturated with trace elements, is responsible for detoxification, skin cleansing, and improving the penetrating properties of cosmetics.

Vegetable oils of anti-cellulite formulas are perfect for skin care. They provide nutrition and hydration, allow you to maintain the necessary level of hydration, improve the structure of the skin, making it smoother and firmer.

Soft abrasives — **Saki salt and crushed pine nut shells** — are necessary for a delicate, non-traumatic cleansing of the skin, exfoliation of dead cells. They stimulate tissue regeneration and comfortably prepare the skin for further care.

Extracts of green coffee and red pepper additionally warm up the tissues, enhance blood circulation. In the cold wrap and modeling cream, we added arnica extract to maintain blood vessels with varicose veins.

Olfactory story

Citrus

Familiar cool notes of orange and grapefruit unfold against a sophisticated spicy background of scalding black pepper and powerful contrasting ginger. The floral note of sweet grassy geranium adds a redolent tenderness of a summer evening garden to the fragrance.

Composition of 100% essential oils

Orange / grapefruit / geranium / black pepper / ginger

The product line includes

Shower gel, massage oil, body scrub, Saki bath salt, cold wrap, thermal wrap mask, modeling body cream, agave brush, soap

Natural shower gel

Effect

- delicately cleanses, without disturbing the pH balance
- strengthens hydrolipid barrier
- gives skin softness and natural radiance
- refreshes and gives a pleasant fragrance

Active ingredients

Macadamia oil - an essential source of fatty acids - has antioxidant properties, effectively softens the epidermis, maintains its hydrolipid balance. The bright juicy aroma of **100% essential oils** not only has a beneficial effect on the skin, but also surprises with an invigorating composition that starts with the common citrus notes of orange and grapefruit, unfolding with a bright spicy background of pepper and ginger with a floral accent of geranium.

Directions

Apply the gel to damp skin. Lather the foam. Rinse it all off.

Massage brush of Mexican agave

Effect

- effectively exfoliates keratinized skin
- improves blood circulation and lymphcurrent, starts the detoxification process
- promotes the restoration of elasticity and microrelief of the skin

Modelling body cream

Effect

- has a tonic effect
- effectively hydrates the skin
- accelerates microcirculation
- helps to prevent cellulite

Active ingredients

Botavikos modeling cream helps to improve skin turgor, prevents the appearance of cellulite and striae.

Caffeine and green coffee extract have a tonic, antioxidant and anti-edematous effect, and activate vital processes in skin cells.

Arnica extract containing arnicin accelerates microcirculation and excretion of excess fluid.

Valuable oils - macadamia, shea, coconut, olive, almond - effectively hydrate and soothe the skin, and accelerate its renewal.

Directions

For self-massage: apply the cream to problem body areas, avoiding mucous membranes. Short-term self-massage sessions for each body area using a massage brush or a glove are recommended in the morning and evening.

After wrapping: apply the cream to problem body areas, avoiding mucous membranes, as an independent skin-care product.

Saki bath salt

Effect

- gives skin smoothness and firmness
- accelerates microcirculation
- has an anti-cellulite effect
- helps to reduce irritation and redness
- relieves stress symptoms

Active ingredients

During the period of rapid flowering under the influence of the sun, algae produce a **rich complex of bioactive substances - magnesium, calcium, potassium, iodine, chlorine, manganese, copper, bromine, sulfur, zinc, and sodium.**

The main source of beneficial trace elements is **Dunaliella salina seaweed** - it contains natural carotenoids that protect skin cells from damage and accelerate their regeneration. Sea salt is a proven remedy for spasms and stress, improves metabolism and eliminates toxins, tightens the skin and smooths it.

Directions

Relaxing bath: dissolve 4-5 tablespoons of salt in water at 36-38 °C. Duration of the treatment: not less than 10 minutes.

Healing salt bath: dissolve 500-1000 g of the salt in a full bath, water at 36-38 °C. Duration of the procedure: 10-20 minutes.

Massage-rubdown: dissolve 200 g of the salt in 0.5 l of water at 30-32 °C, rub the solution on the body until it is completely evaporated. Does not require rinsing.

Nail strengthening soak: dissolve 2 teaspoons of salt in 200 ml of water at 36-38 °C, immerse your hands in the solution, periodically massage the nails. Duration of the procedure: not less than 10 minutes. Frequency of use: 2 times a week.

Anti-cellulite salt body scrub

Effect

- accelerates cell regeneration process
- promotes the elimination of toxins
- makes skin firm
- helps to prevent cellulite

Active ingredients

Body Scrub perfectly cleanses the skin of keratinized cells and excess sebum, making it soft and smooth.

Healing **Saki Salt** crystals, rich in iodine, magnesium, calcium, sodium and potassium, and crushed pine nut shells produce a delicate exfoliating effect, even out the skin microrelief and stimulate the process of its regeneration.

Cocoa butter, containing arginine, tannins and **caffeine**, penetrates deep into the skin, accelerates microcirculation, eliminates toxins, and prevents cellulite.

Macadamia oil - a source of oleic acid, squalene and vitamins - hydrates and softens the skin, gives it tone and elasticity.

Directions

Apply a small amount of scrub on wet skin massaging movements, rinse with water.

Cold clay body wrap anti-cellulite

NATURAL
99%
INGREDIENTS

Effect

- improves skin tone and elasticity
- evens out microrelief
- accelerates microcirculation
- has an anti-edematous effect
- comfortably cools the skin

Active ingredients

Cold wrap improves skin tone and elasticity, evens out its microrelief and helps to prevent cellulite.

Menthol has a tonic and anti-edematous effect, as well as comfortably cools the skin, so the body starts fat cleavage as a reserve source of energy for heat production.

Arnica extract containing arnicin accelerates microcirculation and excretion of excess fluid.

Valuable oils - shea, coconut, olive, almond - effectively hydrate and soothe the skin, and accelerate its renewal.

Directions

Apply a thin layer on problem body areas and leave for 10-15 minutes. Remove with a dry napkin and rinse with water. To strengthen the effect, cover the area of application with a kitchen film. For the best results, it is recommended to take a warm bath with Saki salt and scrub the problem body areas before the procedure.

Thermal wrap body mask anti-cellulite

NATURAL
•98,87%•
INGREDIENTS

Effect

- evens out microrelief
- has a warming effect
- accelerates microcirculation
- helps to prevent cellulite

Active ingredients

Fragrant mask for thermal wrap helps to strengthen the skin turgor and even out its microrelief in problem areas.

Due to the **extract of red capsicum**, skin vessels and pores expand, and microcirculation improves.

"Sauna thermal effect" contributes to the normalization of lipometabolism in tissues and the elimination of swelling, and a deeper penetration of active ingredients into cells.

Valuable oils - **macadamia, shea, coconut, olive, almond** - have a tonic and moisturizing effect, and accelerate skin renewal.

Red clay, saturated with minerals, activates the process of elimination of waste and toxins, gently exfoliates and deodorizes, and produce a lifting effect.

Directions

Apply a thin layer on problem body areas and leave for 10-15 minutes. Remove the remnants a dry napkin and rinse with water. To strengthen the effect, cover the area of application with a kitchen film. For the best results, it is recommended to take a warm bath with Saki salt and scrub the problem body areas before the procedure.

Anti-cellulite massage oil

Effect

- deeply nourishes and softens the skin
- promotes the elimination of toxins
- helps to prevent cellulite
- has an aromatherapeutic effect

Active ingredients

Macadamia oil - a source of squalene and proteins - has a softening and antioxidant effect.

Sweet almond oil saturates the cells with the most important microelements, helps to increase skin turgor and reduce redness and irritation.

Grapeseed oil improves microcirculation and elimination of toxins making the skin firm.

Wheat germ oil, due to the content of carotenoids and allantoin, effectively soothes the skin and provides protection against free radicals.

Sunflower seed oil, which is the champion for **vitamin E** content, maintains hydro lipid balance and accelerates cell renewal.

Red pepper extract has a warming effect, promotes strengthening of microcirculation, thereby eliminating toxins and excess fluid, and improving skin turgor.

Directions

Apply a small amount of oil onto clean body skin, then distribute evenly with light massaging movements.

Perfumed soap with macadamia oil

Effect

- gently and effectively cleanses while maintaining natural pH balance
- does not cause the feeling of dryness and tightness
- has an antibacterial effect
- delicately perfumes the skin

Active ingredients

Due to the content of plant ingredients derived from **coconut butter**, Aromatherapy Tonic invigorating soap creates a fragrant foam and gently cleanses the hand skin.

The delicate product does not cause the feeling of dryness and tightness, maintains the natural pH balance of the epidermis and strengthens its protective barrier.

Macadamia oil - an essential source of fatty acids - has antioxidant properties, effectively softens and hydrates the skin.

Directions

Apply liquid soap to damp hands skin and body, lather, rinse with water.

AROMATHERAPY FITNESS

Care for fitness fans

For skin care

Hemp oil — tightens and nourishes the upper layers of the skin, and also has a healing, anti-inflammatory effect and protects the skin from pollution and harmful effects. Absorbed without residue.

Rosemary extract — improves blood microcirculation, has a warming effect and pronounced detox properties, fights cellulite manifestations.

Natural massage oil

Effect

- nourishes and softens
- increases firmness and elasticity
- helps to restore the skin barrier function
- relieves muscle tension and fatigue physical activity

Active ingredients

Oil is the perfect product for those who love sport and take care of their skin.

Valuable hemp oil has a high moisture-retaining capacity, gives the skin tone and elasticity, and helps to restore its protective function.

Macadamia oil provides a softening and antioxidant effect.

Grape seed oil soothes irritations and improves microcirculation.

Wheat germ oil perfectly moisturizes and smooths the skin.

Sunflower seed oil maintains the hydrolipid balance and stimulates cell renewal.

Directions

For body care: apply a small amount of oil onto clean body skin, then distribute evenly with light massaging movements. For better effect, use together with the Botavikos Mexican Agave Massage Brush.

For hair care: apply a few drops of oil onto your palms, rub to warm it up, spread the oil evenly through wet hair over the entire length, or hair tips.

Perfumed body cream with hemp oil

Effect

- gives smoothness and elasticity
- hydrates and nourishes
- gives pleasant fragrance

Active ingredients

Due to a balanced combination of natural ingredients, cream provides intensive care and leaves a unique fragrance on the skin.

A complex of valuable oils – hemp, grape seeds, macadamia – saturates the skin with essential fatty acids, has a moisturizing and rejuvenating effect, gives smoothness.

Panthenol and aloe vera juice perfectly moisturize and smooth the skin, accelerate its regeneration.

Extracts of red pepper, rosemary and nettle improve microcirculation, provide a toning and tightening effect.

Directions

Apply the cream on cleansed skin with light massage movements 1-2 times a day. Perfect for daily use.

Perfumed soap with hemp oil

NATURAL
• 98,6% •
INGREDIENTS

Effect

- cleanses softly and effectively, without overdrying the skin
- maintains the natural pH-balance
- gives a pleasant fragrance

Active ingredients

Due to the vegetable origin ingredients, obtained from **coconut butter**, the product gently and efficiently cleanses the delicate skin without over-drying it and maintaining the natural pH-balance.

Valuable hemp oil, due to its excellent moisture-retaining properties, restores softness and elasticity to the skin, maintaining its protective function.

Directions

Apply liquid soap to damp hands skin and body, lather, rinse with water.

Mineral deodorant spray [2 in 1] body & foot

NATURAL
• 100% •
INGREDIENTS

Effect

- controls perspiration
- prevents the harmful microflora growth
- soothes itching and irritation from insect bites

Active ingredients

Deodorant-spray eliminates the cause of odor by preventing the growth of pathogenic microflora.

The product does not disturb the sweat glands function and does not clog them, it accelerates regeneration and gently cares for the skin, eliminating irritation.

Potassium alum of volcanic origin regulates perspiration, has an antibacterial and drying effect, soothes itching and irritation after insect bites, and accelerates skin healing in case of cuts.

The result is fresh skin without perspiration odour and irritation.

Directions

Shake well before spraying. Apply onto cleansed skin of underarm and feet.

PURE

Fragrance-free products

All products have no fragrance and are designed to care and protect the skin.

The product line includes

All products have no fragrance and are designed to care and protect the skin.

Saki bath salt

Effect

- gives skin smoothness and firmness
- accelerates microcirculation
- has an anti-cellulite effect
- helps to reduce irritation and redness

Active ingredients

During the period of rapid flowering under the influence of the sun, algae produce a **rich complex of bioactive substances - magnesium, calcium, potassium, iodine, chlorine, manganese, copper, bromine, sulfur, zinc, and sodium.**

Saki salt absorbs them into its intercrystalline space and retains them in its structure. The main source of beneficial trace elements is **Dunaliella salina seaweed** - it contains natural carotenoids that protect skin cells from damage and accelerate their regeneration.

Sea salt relieves muscle and nervous tension, improves metabolism and eliminates toxins, tightens the skin and smooths it. The product accelerates microcirculation, providing intensive cell nutrition, it has an anti-cellulite effect and strengthens nails.

Directions

Relaxing bath: dissolve 4-5 tablespoons of salt in water at 36-38 °C. Duration of the treatment: not less than 10 minutes.

Healing salt bath: dissolve 500-1000 g of the salt in a full bath, water at 36-38 °C. Duration of the procedure: 10-20 minutes.

Massage-rubdown: dissolve 200 g of the salt in 0.5 l of water at 30-32 °C, rub the solution on the body until it is completely evaporated. Does not require rinsing.

Nail strengthening soak: dissolve 2 teaspoons of salt in 200 ml of water at 36-38 °C, immerse your hands in the solution, periodically massage the nails. Duration of the procedure: not less than 10 minutes. Frequency of use: 2 times a week.

Delicate foam for intimate hygiene

NATURAL
• 99% •
INGREDIENTS

Effect

- cleanses gently and effectively
- maintains the natural pH balance
- preserves beneficial microflora
- strengthens the skin protective barrier

Active ingredients

Mild detergent components of natural origin create an airy foam that gently cleanses and is easily washed off without irritating the mucous membranes.

Lactic acid and chicory extract, a source of plant prebiotic inulin, maintain the natural microflora of intimate areas, neutralize unpleasant odors, and provide a long-lasting feeling of cleanliness and freshness.

Allow and chamomile extracts help to reduce redness and irritation by effectively moisturizing the skin.

Witch hazel flower water perfectly soothes sensitive skin and strengthens its hydrolipid barrier.

Directions

Apply a small amount of the gel on wet skin of the intimate area, rinse with warm water.

Crystal mineral deodorant [2 in 1]

NATURAL
• 100% •
INGREDIENTS

Effect

- eliminates bacteria that cause sweat odour
- regulates sweating
- soothes irritations and itching
- refreshes the skin

Active ingredients

Alum of volcanic origin inhibits the growth of bacteria, has strong drying and deodorising properties, soothes itching and irritation, improves skin regeneration.

Safety — like all cosmetic products of the brand, the deodorant does not contain aluminum salts, preservatives, dyes, perfumes or alcohol.

The mild mineral — based deodorant formula does not clog pores, does not cause irritation and does not leave stains on clothes.

Directions

Wet the dough with water, apply to clean skin of armpits and feet.

NATURAL RECOVERY
SHAMPOO 50 ml

NATURAL RECOVERY
BALM 50 ml

NATURAL SHOWER GEL
50 ml

NATURAL MASSAGE OIL
50 ml

RECOVERY & NUTRITION

Shampoo and balm in the set provide a recovery, nutrition and care for extra damaged hair, while shower gel and massage oil help skin to regain smoothness, softness and radiance. And all this is through the carefully selected oils and extracts, where the main role is given to wheat proteins, panthenol and camellia oil.

A magnificent aroma with floral, spicy and woody notes of 100% essential oils gives true pleasure and enhances the healing effect.

NATURAL NOURISHING
SHAMPOO 50 ml

NATURAL NOURISHING
BALM 50 ml

NATURAL SHOWER
CREAM-GEL 50 ml

RELAX & PLEASURE

This set is ideal for those who want to enjoy every minute of daily care. This cosmetics collection provides high-quality nutrition, recovery, strength and energy to thin hair, but also turns showering into a relaxing SPA ritual. While you enjoying the fragrant treatment, the components in the products restore health and beauty of your hair and skin.

Floral composition of 100% essential oils delicately perfumes skin, revealing it's charm with tropical accents of jasmine and ylang-ylang, smoothly transitioning to traditional perfumery rhyme of rose and patchouli, giving relaxation and true pleasure from aromatherapy.

NATURAL MOISTURIZING
SHAMPOO 50 ml

NATURAL MOISTURIZING
SHAMPOO 50 ml

NATURAL SHOWER CREAM
GEL 50 ml

NATURAL MASSAGE OIL
50 ml

DEEP HYDRATION

The products in the set give a deep moisturizing effect. The shampoo cleanses the scalp and maintains the natural moisture balance, while the balm softens the hair, making it easier to comb, including dry, unruly and curly hair. Natural cream-shower gel and body milk make the skin softer and moisturize it, improve microcirculation. And it's through an aloe vera juice, nettle extract and rice bran oil.

Fresh, invigorating aroma with a pronounced woody-citrus note of 100% essential oils refreshes and uplifts the mood for the whole day.

NATURAL BALANCING
SHAMPOO 50 ml

NATURAL BALANCING
BALM 50 ml

NATURAL SHOWER GEL
